Prices do NOT include GST.

A complimentary consultation is included in your package so we can discuss exactly what you want to get from your photos, what styles you like, different photos you want to get, people involved, etc.

All Images taken from the day are placed on my website for you to view. Family and friends are welcome to view them as well as purchase prints they would like. You are given your own password-protected gallery.

At the complimentary consultation we go over exactly what you're looking for. At this time you and your fiancé can view the photo books of previous weddings and see what options you have.

One more thing...there is absolutely no limit to the amount of photographs taken throughout the day.

If you have any further questions or comments please don't hesitate to contact me. I can put together a formal quote for you once you let me know the specifics you desire for your wedding package.
